THE TIMELESS TRUTHS OF LOVE

The greatest challenge facing mankind throughout the history of our world as we know it, is defining love, that is, God's love by man's love, in a world which is created by laws for our flesh. The world in this case are the things man creates in his societies to sustain and live orderly therein.

The term law for this documents means, laws created by man that he incorporates into his society to structure them for progress, orderly movement, and protection of those in that society. These include laws that were given to mankind by God through Moses, and Christ Jesus, the Old Law for and example given to the society of the Jews as the nation of Israel.

Isaiah 55:8 For my thoughts are not your thoughts, neither are your ways my ways, says Yahweh.

Isaiah 55:9 For as the heavens are higher than the earth, so are my ways higher than your ways, and my thoughts than your thoughts.

When we speak of the subject of love we must define it by a condition, this means the condition of human love, and God's love as a condition, God is also called love, so then when we think of love as humans we think according to our own condition of love, not necessary God's condition of love. Whereas, God is love, this means He is the condition of love, whereas we humans love in the condition of law. These two condition overlap at times, however, and most often they collide creating an incongruous view of God's love.

We might explain this, in this manner, which is lacking, but helpful, fish live in a condition, which is water, while birds live in a condition of the air, both are living souls, both survive in their condition comfortably, at times a fish may jump out of the water, and a bird may swim in and
under the water at times. Where these two condition overlap, both species do fine, but if they try to live fully in the others condition they die. It good condition for one specie becomes a hostile unnatural environment for the other specie, creating suffering and eventually death.

Mankind finds themselves in a world hostile to God's condition, which is love, at times people show love, in family, friends, and others within human society, but it is not the “natural condition” of their environment. Thus, trying too explain God's love, or God is love, by the laws of human condition gives the human race as distorted and incongruous picture of God's love. We have all set and watched birds floating with easy upon the invisible air we breathed, and imagine the freedom we would experience if we could fly. For a moment we can taste the feeling of flying, we can identify with the freedom of flight.

But our real condition defies the laws of flying, we can build wonderful flying machines and thrill at the sight of man flying, but we will never be one with the air as birds are with their natural condition they were created for. We can write books, and create fancy, but we will never fly as birds do in complete trust within their condition.

Mankind was created to live in the condition of love, God created man in love, and the one law placed over him was love. Now this thought is hard to explain by law, we can try to think of living in love, but in order for us to define love we do so by our own condition of sin and law. The two condition overlap at times, as previously discussed, but most often they collide, creating a distorted understanding of God's love for mankind.

When we say love is God's condition, we mean, all that God is, is love, the love God has as the condition, is incorruptible, simply put, it cannot be corrupted as human law corrupt our own love for each other and God, in other words, nothing God does or creates will be below the standard of love, which is Him, the condition of love. God is not struggling in love as we do as humans, that is, He is not suffering to maintain love, he is love.
This condition of love is what God calls perfect, but why? All life comes from God's condition of love, in other words, love is the soil of life, no lasting life exist outside this soil of God's condition of love, for God is life, and He is love. For human to come into this condition of life they must do so by faith.

Faith, for this document may be defined as the a pure form of love for God? Human also put faith in those they love, and it produce good things for their relationship. But this lesser faith from the human condition does not produce life, where as faith in God is the door to life. It is the path we project into the spiritual world to be in the condition of God's love, which is God. Life for us human comes from faith in God and Son Christ Jesus, without faith we cannot know the condition of God's love.

Love or the condition of love does not have fear of judgment, love is complete acceptance in trust for he person giving it, it is also freedom of judgments by the laws of sin. Here is where the condition of mankind, and the condition of God's love collides. Mankind's love is given on merit, that is according to the laws of the flesh, all in mankind's world is hostile to love, love is saved for some, and doled others in measure when a person earns our love.

Love is then based on performance according to the rules of our society, this love is a far less love than Gods condition of love. We simply cannot understand God's love by merit of works of law, it is as hopeless as fish changing into a bird, the two condition are incoherent to each other.

Here is another example, God condition of love, is “present” now and also “perfect”, this mean it is not past, and imperfect, God lives in life, so He is always in the present, He does not doll out life by merit he gives it because of He love in abundances. The condition of perfect present never changes towards mankind's by how many good works they do for God or fellowman, it is a gift of God's condition which is love. If then we are in God's favor we are in life, and we are loved, these two being connected by our faith.

John 11:25 Jesus said to her, "I am the resurrection and the life. He who believes in me will still live, even if he dies."
This means the love of God is not given to us at some future point in our faith or when we are good enough as some religions teaches, it is now, present perfect, because we are in faith, we are in life. God's love is also timeless, love does not exist in fear and anxious care, those under the laws of the flesh do live in fear, and anxious care because they live according to merit they earn by performance to prove themselves worthy of someone's love. This creates future time tables of judgment whereas God's love does not. We come out of this condition of merit when they put faith in, a pure form of love and trust, in God acceptance of us.

Romans 3:19 Now we know that whatever things the law says, it speaks to those who are under the law, that every mouth may be closed, and all the world may be brought under the judgment of God.

John 5:24 "Most certainly I tell you, he who hears my word, and believes him who sent me, has eternal life, and doesn't come into judgment, but has passed out of death into life.

Love also is timeless, there is no time in love, all in the condition of sins laws, or the laws of our flesh, is driven by time, we must meet time on every level of our lives, time to the flesh is most important in being successful in it wants in this world. God condition of love, is without time as we know it in our own world, and this is why God is called the God of the living and not the dead.

Human thought here collide with God's love, by taking doctrine from the bible and define by the laws of the flesh, as to when and where people come back to life according to time tables of the resurrections.

John 6:57 As the living Father sent me, and I live because of the Father; so he who feeds on me, he will also live because of me.

Mark 12:27 He is not the God of the dead, but of the living. You are therefore badly mistaken."

Laws of the flesh can no more define the condition of death than it can the condition of God's love and life. What laws of the flesh do instead is create fear, and distrust for the condition God's of love.
The condition death does not exist in God's condition of love. When we are found in God's love we are alive, this is why Jesus said that God is a God of the living and not the dead, death does not exist in incorruptible love. Christ often used the term sleeping and not death, when a person sleeps, they are still alive, they must awake, when the body rest enough to come into full life, where it may function in full health.

The condition of sins law does not allow for trust in sleeping in death, where God's own love awakening us into full life and His condition of love. Law holds out the fear of punishment, where punishment is found there is death, it is not love free from judgments. So man imagines they have to do something, or there is something in their life undone by good works performed to gain life with God. In other words, for me to trust that God will bring me out of death's sleep, I must do this or that, which is never enough good guaranteeing that He will, so I will compare my works with others, in this way, I can at least rested assured I am not as bad as that Christian, which in human laws of sin, gives me a better chances of God resurrecting me.

But God does not have that fear, he exist in the condition of love, where darkness and fear does not reside, were a simply act of faith removes a person sins, where there is not, past, or future, but perfect presents living in life without time as we know it by our faith.

The condition man lives in will not allow himself to believe faith can provide such a thing for them, it is seen as weak and foolish as God's love also is to them. But in our own world life happens each, and every day, a child is born into the world with the gift of life, the gift was given too him by his parents, it was not earned, nor did the child wished upon it, no it was a gift, nor did the child buy it, and paid for by good works. It was given as undeserved gift, which included none of his own will making the gift happen. This same child may be made to earn his parents love throughout his whole life, but he can never earn

1:17 Every good gift and every perfect gift is from above, coming down from the Father of lights, with whom can be no variation, nor turning shadow.
the right to live from his parent, he has life, it was given too the child not by his own will but the will of the parents. Rather his parent love him or not, he has life as a gift, an irrevocable gift from his parents.

The condition of love, that which is God, controls the Spirit world, all within the Spirit world have life, they are not earning life, they have it because they exist in God's love, thus, love cannot be earned from God, it is given as freely as the gift as life is given. Because God's condition is love, we may chose to reject the condition, but condition does not reject us, as life or the gift of life. We may chose to destroy the gift of life we have, and we can turn away from God's love, but we do not earn either, both are gifts given freely without laws of the flesh producing fear of judgment.

The condition of God's love does not know any of the sins of our fallen flesh, love is not set upon how will the flesh can obey a certain rule, the law of the flesh do not exist in love, there are no laws against love, in other words, there are no rules of death that restricts love in producing life. Love is a condition, or the soil which everything produced in it grows into the fruits of life. Judgment, on the other hand, requires laws, and punishment, which cause fear, fear of death, or punishment, but in love there is no fear of punishment.

1 John 4:18 There is no fear in love; but perfect love casts out fear, because fear has punishment. He who fears is not made perfect in love.

Gal.5:22 But the fruit of the Spirit is love, joy, peace, patience, kindness, goodness, faith, [or, faithfulness] 5:23 gentleness, and self-control. Against such things there is no law.

This is why faith removes our sins, that is, faith in Christ Jesus, Jesus is life, Jesus is also the law of love, where a man paralyzed can be healed with a mere act of faith, where Jesus says with certainty your sins have been forgiven. The mans faith gave him life, the mans' faith put him into the condition of love, in this condition of God, he was sinless,
God healed his condition caused by sin passed on too human from Adam and Eve.

Matthew 9:2 Behold, they brought to him a man who was paralyzed, lying on a bed. Jesus, seeing their faith, said to the paralytic, "Son, cheer up! Your sins are forgiven you."

This man entered into the perfect present of love, by His faith, he touched life, He touched God's love for him. All in our world is hostile to faith, and love corrupting us into a life of distrust for a person love, sometimes a person can become so corrupted they will never trust anyone to love them, let alone God. Some on the other hand, live in a fancy world believing only in perfect love, believing this is an action from imperfect humans, thus demanding their idea of perfect loves. They set up rules and laws, and when they are not meant by the person they reject the person for not loving them, thus, giving them an excuse to move onto another fancy.

Their idea of love is so called “unconditional love” from human under condition of sins law, which means acceptance of all their weakness, and bad habits, but this in not God's condition of love.

This type of love is ultimately the most selfish love a person can have, it is based on a double negative, and it gives nothing and until it gets, Setting up standards so high that no human could ever meet them, moreover, it is a unforgiving love, and provides nothing that takes away from its own needs and wants, it rather demands love, and perfection something the person themselves cannot meet, or a standard they will not selfishly be held too.

Where human demand unconditional love without giving it, it becomes cruel and distorted love the same love Satan the Devil had for himself, in demanding God's unconditional love, so he could live in the selfish lust for power and control over the human race.

Many humans view God's love in this manner, and that is why those loving law feel very uncomfortable in believing in God's love, with out merit. But neither of these extremes defines God's condition of love.
Where we humans know rules must be incorporated into our love, so love does not become abusive, or used to harm others. But at the same time, let us not fall into defining the condition of air by the laws of the water, nor defining God's love by the condition of human love, where we must struggle in a constant state of loving, God lives in a constant of loving it is His only condition. Where a fish could never fly without a struggle, nor a bird swim without a struggle, thus, defining the condition of both by the struggle by the other only confuses the issue of living naturally in the condition.

The condition of Love is positive working good towards all, it does not look for its own interest. And it does not have the motive of self, what does this mean, love the condition God lives in does good always, it never does bad towards the eternal lives of others. In other words, God love is not destructive towards life, where mans ways are, in all of his ways are destructive towards life, that is, they cannot give life eternal, nor sustain it by mans lesser love.

Here again the two condition collide, mankind live in their own condition of sin and death, from this soil springs all sorts of evil, which is hurtful to themselves and others, including their understanding of love.

Mankind's love is not given “freely”, mankind cannot give it freely without a condition of gain attached to it for themselves. So eternal life cannot exist because the very condition of eternal life gives freely in love, this is why love given freely does not created judgment, towards others for not meeting the standards of love, love only produces life, and not death, which is the condition of eternal life.

Defining death for this document means death coming by from sin, that is, sin is the condition defining death, life does not come from the condition of sin, so all thoughts, and efforts from sin produces death. This does not mean that sinful people having the condition of death cannot help others in extending their lives by good works, but their efforts will not produce the condition of love required for eternal life. So man's love in a sinful condition which cannot be given freely, even if is stated otherwise too us, if the person receiving it does not perform something for the gift it will be taken away.
Because it is not the condition of the person, it is a law defining what love should do or not do by humans in the condition of sin, thus, love is defined by human from a negative condition of sins law.

This type (laws love) obligates the receiver of it too a life of guilt always worrying if they have done enough good to show respect for the gift of love. Moreover, when we hear of God's love, we cannot think outside of the condition of sin, thus unwittingly, imputing sin, to God, and evil, instead of seeing love from His condition of love.

But God's love does not rest in guilt, or it is past found in death of sin, God's love is right now present and perfect. Thus, God's love provides us with a guilt offering, so we may rest in His love. In other words, we have two incongruous condition, which deceives us. Because love is one of our strongest emotions, in which we related our most valuable things too in this life, it is then in real terms the food of our life, that is, where all efforts we do, or are done for, will be to gain love. Rather we thinks so, or not, we human want acceptance, we may called it by whatever name we wish, but by God's condition love, He calls our need love, in which, is really a need for life, in which we were created. This lack life/love because of our sinful condition spring all kinds lust of the flesh for, power, pleasure, material things, and so on, we use too gain respect, and admiration from fellow human being, all this coming from a lack of love.

Psalms 4:2 You sons of men, how long shall my glory be turned into dishonor? Will you love vanity, and seek after falsehood? Selah.

But God's love is void of all the lust of the sinful flesh, God's love does not experience the need to be loved, nor the need for power, or the need to have more to gain respect, it is a condition where sin and the works of the flesh do not exist where peace is the condition in total security of God's love. God's love is the harmony of life, there is not a want, it is much like life in body members enjoying the gifts of life of the body, a finger does not long for upward movement in the body, no! It was created in love for a purpose, and lives perfectly in the present condition within a healthy whole body.
It is hard for us human understand this, but we can in a moment of our human love for family, or perhaps a friend what it is like to be accepted as we are.

Psalms 85:10 Mercy and truth meet together. Righteousness and peace have kissed each other.

Some will contend that there would be no growth in this condition for humans, but again they are thinking from the condition of sins love, founded in the soil pain and growth. However, loves condition produces nothing, but good for others, in rich, and righteous fruits of life, a mature tree does not wring it hands trying to produce good fruit that is it purpose and what it was created for, to give something good to others for the delight of life, in sweet, and wonderful goodness.

Psalms 65:4 Blessed is one whom you choose, and cause to come near, that he may live in your courts. We will be filled with the goodness of your house, your holy temple.

We cannot compare the two condition, where the condition of love in human is a constant struggle, and where the condition of God is first and always love, thus, in this condition of love, love and good is effortless, it is not a matter of building character in order to gain a certain godly quality, it is the quality of life the person breathes like air as part of the condition. This is why we are told in the bible that God's peace excels all thought or human knowledge. The condition of love is void of human thought as we know them living under the laws of sin. In other words, anxious care, and fear are created by our knowledge of good and evil, it is in these judgments we make about life that causes us our own judgments. If we could stop judging at this moment, we would have no fear of judgment, and live in peace of life, right now, in this second, and find goodness and love. But because of our condition of sin, we cannot stop judging.

Ephesians 5:9 for the fruit of the Spirit is in all goodness and righteousness and truth.
Many Christians have erroneously believed that building character gives them a better position with God, and/or in heaven a higher standing as it were, but this does not explain why some Christians died within days or hours after accepting Jesus Christ, and they received as much life as a Christian suffering all the days of a long life? Life is a gift according to the condition of love, whereas, respect in life is earned through struggles in the condition of sin, which makes one believe that next life must be earned in this life, when the truth is, life can only be gotten in the next by resting in God's love. The two condition are once again incompatible they collide, one cannot understand, in the condition of sins love, who God is, and that all growth comes by way of love as gifts, these gifts of God's love are given freely, they cannot be earned, by our struggles, our struggles are only proof or our love for God.

We allow God to becomes King and we rest in Him, that is, we rest in His love, know we are created for a purposes, and God's love has placed us in our purpose so we abundantly produce good fruits of life for others. In other words, our purpose and life eternal are one, they coexist as one in goodness and life of the other, one add to the other.

Within our own physical bodies we have the understanding of this type of life in God's condition of love, which is, we have many parts to our body some seen, and some not seen, but all exist for the purpose of life of the body, where the body has a purpose in this life, the whole body works for the one purpose.

1 Corinthians 12:12 For as the body is one, and has many members, and all the members of the body, being many, are one body; so also is Christ.

1 Corinthians 12:13 For in one Spirit we were all baptized into one body, whether Jews or Greeks, whether bond or free; and were all given to drink into one Spirit.

1 Corinthians 12:14 For the body is not one member, but many.
Love then is the condition all things of life springs from, so the eternal things of the spirit are nourished and feed in love, there is no higher place a person can ascend too but love. However, as stated within this document, the two condition of love are incompatible accept where they overlap each other, it is almost impossible for human to relate in any sense of the word to the condition God's of love in which He lives and creates from. Thus in real terms it is a great chasm that exist between the two condition, where one cannot cross over to the other in our sinful flesh. So we can say without a doubt we have a distorted view of God's love, subsequently, we swing from excusing of our loose conduct in our flesh, to standing on a principle we call love, and punishes others with our principle.

within our own earth we have areas that are hostile to growth of life, and other areas where life flourish in abundance; desert where plant life adapts to the hostile environment, but when moved into an environment such as a rain Forrest where life cannot be contained, they die. Mankind cannot live in God's condition of love, where life flourish and fruits of the Spirit are flood gates of living waters, it kills them, the two condition of sins law and God's love are incompatible, they do not mix, although we need the condition of God perfect love to have eternal life, when given to us in our hostile condition of sin it kills us.

Rom.3:10 As it is written, "There is no one righteous; no, not one. 3:11 There is no one who understands. There is no one who seeks after God. 3:12 They have all turned aside. They have together become unprofitable. There is no one who does good, no, not, so much as one."{Psalms 14:1-3; 53:1-3; Ecclesiastes 7:20} 3:13 "Their throat is an open tomb. With their tongues they have used deceit."{Psalm 5:9} "The poison of vipers is under their lips;"{Psalm 140:3} 3:14 "Whose mouth is full of cursing and bitterness."{Psalm 10:7}

Where Adam and Eve flourished in the garden of God's condition of love, we cannot enter into without the flaming sword of death being used on us, we have been barred from entering into the garden of God's love.
The two condition are hostile towards each other, one condition must kill the other for the other to live.

*Galatians 5:17 For the flesh lusts against the Spirit, and the Spirit against the flesh; and these are contrary to one another, that you may not do the things that you desire.*

God calls this a war, a war between the things of the human condition their sinful flesh and the spirit, within each of us exist this war, which is itself an unnatural condition where neither condition defines the truths of life, we have godly righteousness, but at the same time exist evil, we cannot as it were withdraw our hand from either we must go through life with both. Some humans live more towards the righteousness, and do less evil, while other live more towards the evil and do less righteousness, but all have the capacity for both. But in our own righteousness, it is never God condition of love and righteousness where eternal life flow from God's love, nor is our evil the way God define evil.

We then are like shadows of light always changing from good to evil battling within ourselves in a hostile environment outside of the paradise garden of God's love. In this condition out side of God's garden of love we humans have defined a great multitude of laws from a hearts having both good and evil in them to justify or condemn our conduct. Societies of the human race have codified these ideas, or laws into institution of laws through legislative bodies to define the conduct of human behavior. Once again many of the concept overlap into God's righteous laws, but again the two condition of Law collide when lay upon each one other making them incongruous.

Most of us see God judgments by mankind laws through their court system, but two don't mix's, nor do they serve the same purposes. For us to understand the system of any country, that is, to understand how it function as a whole one must understand it's laws. So a study of the laws will help a person understand the working of all parts of country, how they are all interrelated because of the law. If a person wants to be successful in business they must understand the foundation of the country which is its laws. Sadly for must of us it is the study of law that
holds little interest for us, and yet everything in our lives are control by
the condition of sins laws. *(Sins law defined for this document is laws
governing sinful flesh, God's laws, mankind's laws, church laws, and so
on, the fully scope of laws of our earth in all societies throughout the
history of mankind.)*

For Christians it is absolutely that greatest part of their faith to have a
understanding of God's laws and there purposes, but (caveat) and they
must do so form God's point of view, and not the view of lesser laws, sins
laws from doctrines defining God's laws.

God defines the condition of “everlasting life in love”, by His righteous
law. Without this understanding we are set in a deserts of laws that
drive us into judgment of ourselves and others. God did not give Moses
the Law so that everlasting life could be obtain through it, no! He gave
the law, so we might accept His means of salvation for everlasting life in
Jesus Christ.

Most Christians get this 180 degrees backwards, they struggle in their
hostile condition of sin trying to meet a law, or sins laws they could never
meet in a thousand life times according to God. They are condemned by
the sin in them which the law point out, or exposes, nothing more, they
are convicted by law, and it gives them the penalty of law, which is
death. So is the law good, yes! In fact is it is perfect, and it is righteous,
yes! The question is can a fish breathe the air of a bird, no!

Does that make the air bad/evil, or does it make the air unrighteous
because a fish cannot live in it? We cannot live in the air of righteous
law defining for us what perfect life eternal is. Our condition of sin
prevents us from crossing over this great chasm existing between the
two conditions of love.

*John 14:17 the Spirit of truth, whom the world can't receive; for it
doesn't see him, neither knows him. You know him, for he lives with
you, and will be in you.*
Here we find the deception of the law for most Christians, human under the laws of sin believe if something is good and helpful for people than it is God's standards, and it must be good, but is or not? The air the birds breathe and fly in is wonderful for a whole host of life on our earth, but it is hostile towards other life. One condition laws cannot define a other condition as good or bad, both condition are truth, which have to be defined by the law of the condition, we must remember laws are not the condition itself, they are in fact that which define the condition.

1 John 3:2 Beloved, now we are children of God, and it is not yet revealed what we will be. But we know that, when he is revealed, we will be like him; for we will see him just as he is.

The condition of man at present is death, defined by laws of sin, the rules defining the condition of sin are laws of the flesh, not the laws of the spirit. The condition love is God, and He lives in love, He is one “law” not many law(s), the one law defining God's condition of life is love.

1 John 4:16 We know and have believed the love which God has for us. God is love, and he who remains in love remains in God, and God remains in him.

God gave man His righteous and Holy laws, defining what they would have to do to be perfect in love and life eternal, but this was a negative sense of love, why? 1.) because we cannot meet them perfectly in the condition of death by sin, and 2.) love cannot be explained by sins laws, which only defines love as to what love should or should not do. So this is why God tells us the fulfillment of law, which is love, and what completed it for us, which is Jesus Christ, and if we are “in Jesus Christ” we will define our live by this law:

Romans 13:8 Owe no one anything, except to love one another; for he who loves his neighbor has fulfilled the law.

But we cannot naturally do what God's laws demand us to do. So here is the cruxes of the problems, God gave us laws that we cannot live up to because of our condition of death by sin.

15
We have taken those laws and deceived ourselves into believing we will get life by them if we can keep some of them. But the two condition are incompatible.

If a fish can jump into the air and for that few moments experience flight and life in that flight, but it does not mean he is not condemned by the laws of breathing air and flight. He will be if he tries to live in the air without water continuing to fly like a bird in his condition of life.

Humans can meet some points of the law of God, but it does not mean they are not condemned by the whole condition of eternal life which is the law. Moreover, this is why we are told if we break one point of the law we have sinned against all the law. Our condition of death does not qualify us to live in the condition of eternal life, just because we love the law, and it is our desire our feelings will not change our condition of death, no matter how strong and sincere they may be.

Rom.7:14 For we know that the law is spiritual, but I am fleshly, sold under sin.

7:15 For I don't know what I am doing. For I don't practice what I desire to do; but what I hate, that I do.

God gave us the law to show us as human we are sinners, and in need of a saviorer. The law was not given to give us eternal life, we now can judge our true condition of sin, and what it causes us, and what we must do in order to find eternal life. Without this knowledge we could not humble ourselves and come to God and His door back into the garden of his love Jesus Christ.

But because most of us do not have an understanding of God's law and its purposes, we subject ourselves to a world of guilt through organized religion, which defines the condition of everlasting life by sins laws. Subsequently, convoluted it yet further by mixing God's righteous law given to Moses, and adding some of the law of love. Which gives us sweet water mixed with salt water polluting both.

James 3:12 Can a fig tree, my brothers, yield olives, or a vine figs? Thus no spring yields both salt water and fresh water.
Once again these two condition being mixed are incompatible for a spirit lead, and feed life in Jesus Christ. Laws of the flesh serve the purpose of setting up standards of conduct that must be meant to be declared right by according to law of the society we live in.

Laws are not positives, they are negatives, created for the purpose that man is inclined to hurt other without them. They also have a positive in them, which is, they protect the safety and security of others. We as human create good and evil in us and all we create has both including our laws, that is, law that reward, and punished us. But we are not in the condition of eternal life where only good exist, so we have the desire, but not the will, because of our sin, or evil, in us removes us from the source of life God. (Evil for this document is defined as sin, God judges all sin as evil.)

What we created in this life has both good and evil in it, in other words, it help with life now, but sin or evil prevents it from being everlasting, what we give to other no matter the best intention holds out both good and evil for them. However, human define the word evil as extremely wicked, which is used only on the most hideous of acts done by mankind. But here again using one condition laws to define another is like mixing oil with water they simply don't mix.

In God's condition of love, all things not producing love/life is evil, but why? Simple put they are instead death and not life. Death to God is an enemy, which is judged evil by His condition of love of life. Just as sin to God is evil, because it is an enemy of everlasting life. So when we human try to cross over in our condition of death by laws of society into God's condition of love, we fall far short.

As human under the laws of sin, we first label a thing, and the label, or title than becomes the thing. In other words, a man is a thief, a drunk, and so on. No matter if the person changes the person will always be the label. Label can also be used positively in people when earning the label, doctor, business person, teacher, and so on, the person become the thing. This may serve for good or evil, in that, people who are not qualified may get away with many evils once they have the title of respect.
but it may also serves as a lie to other people who believe a title makes a person better than others in society, or that one should let such ones make decision for them in areas of their lives, such as health, law, faith and so on.

So laws are negative they do not give life, it is the condition that gives life, not the law, the law defines the condition of life. Moreover, laws do not forget, they label people with good or evil titles, and they do not forgive. By this society function, but the condition of love is 180 degrees the opposite of this, it is light/love, which is present perfect, what is happening now in our life at this moment, life and love cannot remember the past or sins, or it no longer exist as life and love, and it does not label people for life, it changes hearts and cherish and feeds the whole person as eternal life until the individual personality changes into God's love/life.

_Eph. 5:29 For no man ever hated his own flesh; but nourishes and cherishes it, even as the Lord also does the assembly._

So mankind's condition of death must change, but we find there is a language bearer between the two condition, one condition does not translated in to the other condition, so from this springs all manner of evil being done in the name of God. It much like trying to produce a lust garden with sweet fruit trees in the desert, if the condition are not change it cannot be done.

God changed our condition in Christ Jesus, here is an important message for Christian's if they fail to understand the power of this statement, they will view Christ Jesus as no more then a make believe character, much like Santa Clause using Christ name at the end of a prayer, or annoyingly repeating it over, and over again like a good luck charm, which are both found in the condition of death, and not life.

The condition mankind finds himself in since Adam and Eve is outside God's garden of love, were are in a desert of death, which only the strongest survive by means of self-preservation. A desert where love is experience so little that all manner of diversion are created by human to gain respect and love from others.
Which diversion are defined for this document as “material things”, the things of the flesh, which give comfort and prestige and love too the flesh. The lust for these things are to fill the whole from the lost of spiritual connection with God. Much like searching a desert for water, where the need has become so great that people worship ever form of materiel things. In other words, like and illusion in hopes of finding some water.

Their whole persona as a human being has become what they posses in their flesh, labeling them as to the type of person they are. A person can put on a certain brand of clothes and they become someone they are not, they can drink a fine wine when and gain stature in their standing with others. These are the building blocks of the sinful flesh, which are the things it posses, or experiences in this life, the sum total of the whole amounts of human value is based on how much it can gain in material things or experiences with material things as to the love, and respect, making the character obtained to in this life.

Even though we know this is a lie and confess it as such, we all live it, and judge by these standards within our society. From this soil springs every manner of hurtful scheme, murder, sex, lust of greed, and so on.

Sadly this is the schemes and rules most organized religion have used in promoting their business in the name of God, where people see God's blessings as material gain and nothing more. So they give a percentage of their wages to get more material blessings. Where each story of Christians faith has to have a happy ending on earth resulting in more material blessings and gain, thus, proving God's is blessings upon them over others.

**Matt.7:20 Therefore, by their fruits you will know them.**

**7:21 Not everyone who says to me, 'Lord, Lord,' will enter into the Kingdom of Heaven; but he who does the will of my Father who is in heaven.**

**7:22 Many will tell me in that day, 'Lord, Lord, didn't we prophesy in your name, in your name cast out demons, and in your name do many mighty works?'
7:23 Then I will tell them, 'I never knew you. Depart from me, you who work iniquity.'

Once more the two condition are incompatible when coming to know the life of Christ Jesus. The two collide in such violent misunderstanding of truth and faith that many have lost their lives since the time of Christ for teachings the pure unadulterated word of God. God's condition of love in everlasting life was not given to mankind to build lasting lust of their flesh in material things. Moreover, God's blessings were not to be prostituted into a polluted waters to justify mankind lust for material thing claiming them good or God's will, when in fact they require sin laws to obtain them, the two are incompatible, one cannot live with the other, darkness and light do not cohabit, nor sin and everlasting life, the two are opposed to each other.

1John 1:6 If we say that we have fellowship with him and walk in the darkness, we lie, and don't tell the truth.

God did not set out to redeem mankind as a collective unit or body, by giving them a rule, and if they obey the rule as a whole then God would be given the unit life eternal. No God set out to bring each and every person back into the garden of his love, by His own love. All of society throughout the history of man was created through one man Adam. God knows that within each of us is a kingdom of thought, our thoughts can produce a body of good and evil laws, where we choose what is best for its kingdom.

But in that kingdom of thought which becomes our reality to a lesser or greater degree is nothing but death, but the desire for eternal life, thus, the desire for eternal life produces the scheme of our hearts to justify our wicked works by God's love.

The real question is how does a person give up their rights of being king over their life in choosing what is good and evil? It is by one way only, which is giving up our kingdom desire, or lust of the flesh, and coming back to God. But God will not do so on demand of punishment, or it will fail in the condition of death. This is why the law was not enough to bring us to life/ love.

20
It is only by love, a greater more righteous love than our own, God's love. And this is why we are told:

1Cor.13:1 If I speak with the languages of men and of angels, but don't have love, I have become sounding brass, or a clanging cymbal.
13:2 If I have the gift of prophecy, and know all mysteries and all knowledge; and if I have all faith, so as to remove mountains, but don't have love, I am nothing.
13:3 If I dole out all my goods to feed the poor, and if I give my body to be burned, but don't have love, it profits me nothing.

All lesser kingdoms of our hearts are really thieves that steal life from us, they mislead us with good and then the evil always come out, some of us stay with the thieves thinking the good out weighs the evil, but all if it is death or dead works. Moreover, this is why there is but one will in the body of Christ Jesus, by his will we humbly acknowledge our kingdom has been put too death, and Christ kingdom has become alive in us.

So many are disillusion with the good and evil found in religion, but it is all death and dead works, created by humans with good and evil in them. It is not however, God and His conditions of life/love, rather it is points that overlap confusing us that God is both evil, and good, but religions are shadows of the light which is only good.

James 1:13 Let no man say when he is tempted, "I am tempted by God," for God can't be tempted by evil, and he himself tempts no one.
1:14 But each one is tempted, when he is drawn away by his own lust, and enticed.
1:15 Then the lust, when it has conceived, bears sin; and the sin, when it is full grown, brings forth death.
1:16 Don't be deceived, my beloved brothers.
1:17 Every good gift and every perfect gift is from above, coming down from the Father of lights, with whom can be no variation, nor turning shadow.

Life is a gift given at birth, the rules governing the life has to be
compatible with the condition the life grow up in. The laws of sin are incompatible with the law of eternal life where it must exist to prosper. Here we have come upon the single most important piece of knowledge a Christian must truly appreciate if they are to find life and stay in life.

That condition of eternal life exists in heaven with God not on earth and its darkness of death the law of righteousness only gave us a glimpse of the light in heaven. It was this condition of love, that is, life, the life of God’s Son was transferred into our condition of death. These two conditions were incompatible there laws conflicted with each other colliding. Christ Jesus conquered this conflict of love/life over death/sin, he seal the contract with God for both of them in his righteous blood, replacing the Old Law with a new contract of love. We have all heard these words repeat many times as Christian’s, but do we understand by the condition of love and life, if not they are but words existing in the condition of sin and death laws?

The contract completed was the Old Law, the perfect law defining everlasting life with God in his garden of love, which we are barred from because of our sin past on to us by Adam. When a contract is fulfilled or completed the power of the rules or the laws of the contract no longer hold us in slavery under them.

Those accepting Jesus Christ are not under the contract of the Old Law, in other words, they are set free, free from what? Sins laws, the condition of death. The path to the new condition of life from heaven is our belief in it.

Thus, when we confess in our hearts Jesus Christ, we no longer have sin, but why? Because we are in the new condition of life, which is, Jesus Christ where the law has no power or authority over, it was completed by Christ Jesus. In the simplest terms possible, the law is gone, so it cannot convict us of sin.

Because there is no law to convict us their sins, that is, We have no sins in God’s eyes. Without the condition of death or sins laws, God can now transfer the life of Christ Jesus into our new condition that supports eternal life, which is defined by the laws of love.
So It is our faith, as already defined in this document as a pure form of love, that we can stay in this condition of everlasting life, which in turn putting us back into the garden of God’s love.

All of this is a gift given too us by our faith, that is, our love for God in doing such a wondrous thing for us. We cannot earn a thing more in faith we exist in the condition of God’s love, and we have the life of Christ Jesus in us, proving our faith has saved us from death condition. This perfect present is right now in this moment of time, it is not yet future, waiting our faith, we have eternal life because we believe in Jesus Christ.

Though we fine ourselves in the same war of good and evil in our sinful flesh, we no longer are condemn by the laws of God. Our condemnation has been removed by the loving blood of Christ Jesus. Once we are in God’s love, that is, in life, we cannot work in our flesh by doing more good works to stay in life, no! We stay in life by our faith, resting in our trust in God’s love through the life of Christ Jesus. We have no sin although we sin, we have no condemnation although our hearts condemn us, we have the life of Christ in us so death to our eternal life has been consumed by the life of Christ Jesus, we always in the perfect present of life by resting in our faith.

We must rest in that belief, which is, faith in God love or rest day Jesus Christ. In other words, nothing we need for this new condition of life can be supplied too us by our old flesh under sins laws, it must be given too us from above by the God of light having no turning of a shadow of human sin, which is forming us by God’s perfect hands in love by His perfect condition found in the fruits of life as gifts. Thus, all things to sustain the gift of eternal life will be given too us by God’s Holy Spirit.

James 1:18 Of his own will he brought us forth by the word of truth, that we should be a kind of first fruits of his creatures.

We are now God’s workings put into the vine of Christ Jesus and the fruits coming from that vine is rooted in the garden of God’s love.
We cannot produce anything outside of the vine but death. Thus, we can no longer justify ourselves by the things of this world, and we cannot build up any other foundation, but Christ Jesus.

*John 15:1* "I am the true vine, and my Father is the farmer.  
15:2 Every branch in me that doesn't bear fruit, he takes away.  Every branch that bears fruit, he prunes, that it may bear more fruit.

In Christ Jesus we are gift to his life, like a new born child we were given the gift of life freely, thus, it is irrevocable, the life given us is Christ Jesus, because we are a part of his body or vine, but not only the gift of life, we have also given the condition of love so the life of Christ Jesus might mature in us into fruit bearing tree producing life for others. How is this done? Christ Jesus translated us into the new condition of life, and love. In other words, he takes the condition or the language of sins laws and translates them into the law of love. In every way we are complete in the perfect present of God, so we come to know that life does not exist outside of Christ Jesus and the law of love.

But how do we know this? It is by this that every time we are overruled by our own thoughts of kingship, or sin/death we die to the life of Christ Jesus, we are killed spiritually as much as Adam and Eve were put out of the garden of God's love. We are restored again into the garden of God's love spiritually by Christ Jesus life in us, why? Because we have no condemnation of sins law convicting of us as sinners or evil. Thus, this process works daily in us until we are translated into love. It is by our faith that allows us to undergo death daily into life until our faith in God's love is perfected in immortal and incorruptible life.

*Rom. 8:35* Who shall separate us from the love of Christ? Could oppression, or anguish, or persecution, or famine, or nakedness, or peril, or sword?  
8:36 Even as it is written, "For your sake we are killed all day long. We were accounted as sheep for the slaughter."{*Psalm 44:22*}  
8:37 No, in all these things, we are more than conquerors through him who loved us.
8:38 For I am persuaded, that neither death, nor life, nor angels, nor principalities, nor things present, nor things to come, nor powers,
8:39 nor height, nor depth, nor any other created thing, will be able to separate us from the love of God, which is in Christ Jesus our Lord.

We have this truth sealed in us in, that is, the life of Christ Jesus, and it is this truth, which bears witness with our own spirit that we conquer the world and all if laws of sin. The glory of eternal life goes to Christ Jesus for saving his body members, every part of therein, our new life in Christ Jesus is a gifts, which in includes our faith.

So when we think of God's love, or the condition of everlasting life, let us do so from the positive law of love, let us put complete faith in God through his Son Christ Jesus and actually rest in his good works. If we do so we gain growth and good fruits, let us turn away from the sour and bitter soil outside God garden of love, founded upon works by sin laws, justifying ourselves by good works creating a life of competition, and distrust.

May the undeserved kindness of Christ Jesus be with the spirit you show.
